Profile

Detail-oriented and motivated Computer Science student with hands-on experience in software development, problem-solving, and algorithm design. Strong foundation in programming languages and an eagerness to apply academic knowledge in practical settings.

Education

Sushila Devi Bansal College of Engineering, Indore, India • Bachler Technology Computer Science 7.00 CGPA(Expected)	2021-2025
Shri RRMB Gujrati Higher Secondary School, Indore, India • Higher Secondary Education 71.6%	2020-2021
Shri Vaishnav Higher Secondary School, Indore, India • Secondary Education 71.6%	2018-2019

Skills

- **Programming Languages:** Java, Java Script, Python
- **Web Development:** HTML, CSS, JavaScript, React
- **Database Management:** MongoDB
- **Tools & Frameworks:** Spring Boot, Spring Security, React.js, Node.js
- **Operating Systems:** Windows, Linux

Projects

• Shop and Service App

Description: An innovative idea that connects the customer with the retailers and services provider. This app allows the user to find nearest available shops, items and services at an instance of time.

Technologies Used: React, Node.js, Spring Boot, Spring Security and MongoDB

• LiveBrary

Description: Developed an online platform for a local library, allowing users to browse and borrow books. The application features user authentication, a catalog of available books, and reservation functionalities.

Technologies Used: React.js, Node.js, Spring Boot, Spring Security and MongoDB.

• News Desk

Description: Created a web application that aggregates news articles from various sources and allows users to customize their news feed based on interests. The app features an intuitive interface for filtering news by categories and keywords.

Technologies Used: React.js, JavaScript, Node.js and external news APIs.
